

EASTMAN PARK SPLASHPAD

St. Cloud, MN, (August 2007) – Commercial Recreation Specialists (CRS), Vortex Aquatic Structures and Shingobee Builders completed installation of a flow-through Splashpad in St. Cloud, MN, according to Ron Romens, president of Commercial Recreation Specialists. CRS provided design and technical consulting services to the designer, supplied water features manufactured by Vortex Aquatic Structures to the builder, and assisted with start-up training for the City of St. Cloud.

Commercial Recreation Specialists is headquartered in Verona, WI, with representatives in New Jersey, and serving customers across the United States and Caribbean. Founded in 1999, CRS performs a careful analysis of each client's location and business goals to provide recreation solutions based on the unique needs of each client. With over 40 years of industry experience, CRS is not only an equipment supplier for select vendors, but also offers design, planning, installation and operations expertise. CRS delivers unparalleled industry knowledge and proven success in the commercial recreation market with clients including municipalities, campgrounds, resorts, amusement parks, summer camps, zoos, and cruise lines.
